## A Time for Thanksgiving

During November we usually start focusing our attention on being thankful for all that God has provided for us during the year. At Community Ministry we are no different. This has been an amazing year. Although the number of clients increased there has always been just enough food to feed each person that has come through our doors. We are thankful for the support your church has given us in food donations, volunteer help and financial support during this past year. We could not do what we do without your help. I think I can speak for Davida and Jerry in saying that we feel very privileged to be a part of this organization and to be connected to so many loving and caring congregations. ### Client Appreciation

One of the questions that comes up is do the clients appreciate what we do here? Following are some of their comments.

- ...Thank you to all the families who help us with their donations. Maybe they don't know how happy we are and I want to let them know because they are so helpful.
- You helped me a lot because my husband was deported and I am here alone with my kids. My sister told me I can come here and you will help me. I see this is the truth. God never lets us alone and the proof is people like you. God bless you all.
- Thank you. You have helped me during the hardest time of my life.
- Thank you for making my kid's dreams come true. God bless you and give you more with full hands and my God never leave you alone.
- Thank you for all you help and the good things you are doing for us. Thank you to all the good people.
- Thank you. May God bless you and give you the health to keep helping the people in need.
